CONSERVATION CORNER

Claremont Household Hazardous Waste Event

Please gather your hazardous waste (pesticides, old batteries, used automotive fluids, used cleaning products, etc.) and electronic waste products (computers, old televisions, and broken cell phones) for a FREE collection event. Claremont Corporate Yard, 1616 Monte Vista Ave. Claremont on Saturday, 2/8/20 from 9am-3pm. All L.A. County residents are welcome to participate. If you can't make this event, the entire schedule and more details are posted at www.888cleanla.com.

New Year, Better Habits!

As you map out your resolutions for the New Year, commit to incorporating some that benefit the environment and community around us. When figuring out how you'll lose weight or spend more time with loved ones, choose an activity with minimal impact like taking a hike in nature. While detailing ways to save money, take shorter showers and commit to commuting once a week/month on a bike or on foot. To declutter, consider giving gifts of admission to an event while making memories, instead of buying more stuff. When contemplating how to help your community, consider an open space cleanup event or helping to pick fruit for donation to a food bank.

Who You Gonna Call?

Many times we see things that need attention, but don't know who to contact or which number is best to use. Have you noticed a water leak in the street? A tree leaning on a power line? A vehicle that hasn't moved in too long? Or that your recycle cart has a hole from years of good use? Feel free to keep this list handy for our local resources.
